

Are you a College Student?

Are you burned out from finals or stressed about the coming semester? Maybe you have shoulder pain or knee pain that's keeping you off the court. If you are close to downtown ASU this is a great offer for you!

Qi Acupuncture & Wellness offers students a package of three acupuncture treatments for \$153. That's an incredible savings off our regular price! And we know you have the new Blackberry.

Given all your body does for you, isn't it time you took care it? IF that isn't a good enough incentive, consider that game of basketball or Quidditch that your shoulder or knee kept you from winning. *Then give us a call!*

Please bring your current Student Id to your first scheduled appointment.

Note: Full payment is required to receive discount and not exclusive to ASU students
